DISPOSABLE LARINGEAL MASK

Special Features

- Latex free
- Medical grade PVC with good biocompatibility
- Allows rapid access
- Does not require laryngoscope for insertion
- Provides airway for spontaneous or controlled ventilation
- No epiglottis bar for easy insertion of fiberoptic scope, introducers and suction catheter
- Sterilized by EO
- Single use

ORDERING INFORMATION

DISPOSABLE CO-AXIAL ANAESTHESIA BREATHING CIRCUIT

Special Features

- Light weight reduced torque on endotracheal tube
- High transparency for good visibility
- Good tenacity and low compliance
- Prevent tubes collapse
- Different types of connectors for temperature and pressure measuring
- The esturcture let improve internal flow and breathing resistance
- Sterilized by EO
- Single use
