HEMODIALYSIS CATHETER KIT

Special Features

- Polyurethane catheter with better flexibility and anti-kinking performance
- Flexible and floppy
- Thermosensitive, softens as it warms with body temperature
- Smooth inside and outside surface avoid clot formation
- Radiopaque
- Available in Single, Double and Triple Lumen configuration
- Available straight / curve tubes
- Sterilized by EO
- Short term use
- Single use

A close-up photograph of a glass pipette with a blue liquid drop at its tip, positioned over a white scale with blue markings. The scale has numbers 1600, 1400, 1200, 1000, 800, and 600. The background is a soft-focus blue and white. A yellow gradient bar is at the bottom of the image.

Urology

URINE DRAINAGE LUXURY BAG

Special Features

- Made from medical grade PVC
- Composed by Bag, Inlet tubing, Universal Double Hook, T-Tap Drain Port and Connector
- Air Vent Bag with 2000 ml capacity
- Anti reflux chamber
- Reservoir with easy drainage and drop free after use
- Hospital and home care use
- Accurate urinary flow measure
- Sterilized by EO
- Single use only

REINFORCED ENDOTRACHEAL TUBE CUFF

Special Features

- Latex free, Soft PVC
- High volume, low pressure cuff providing an effective low pressure seal
- Less invasive Magill curve with softer rounded smooth and polished Murphy eye
- Radiopaque line provided
- Spiral wire embedded
- Tubes are reinforced stainless steel spiral core for kink resistance
- Available with or without a preloaded stylet
- Designed for neurological procedures
- Available DEHP Free

DISPOSABLE LARINGEAL MASK

Special Features

- Latex free
- Medical grade PVC with good biocompatibility
- Allows rapid access
- Does not require laryngoscope for insertion
- Provides airway for spontaneous or controlled ventilation
- No epiglottis bar for easy insertion of fiberoptic scope, introducers and suction catheter
- Sterilized by EO
- Single use

ORDERING INFORMATION

DISPOSABLE LARINGEAL MASK

DISPOSABLE ANAESTHESIA AIR CUSHION MASK

Special Features

- Latex free
- Made soft and rigid PVC
- Soft inflate cushion for good sealing
- Excellent visibility by transparent cone
- Colored removable hook rings for easy identification and fixation
- Sterile by EO
- Single use

ORDERING INFORMATION

DISPOSABLE CO-AXIAL ANAESTHESIA BREATHING CIRCUIT

Special Features

- Light weight reduced torque on endotracheal tube
- High transparency for good visibility
- Good tenacity and low compliance
- Prevent tubes collapse
- Different types of connectors for temperature and pressure measuring
- The esturcture let improve internal flow and breathing resistance
- Sterilized by EO
- Single use

ORDERING INFORMATION

DISPOSABLE CO-AXIAL ANAESTHESIA CIRCUIT BREATHING CIRCUIT

M4001	Child 22mm 1.5m Length, 1 L Latex Dree reservoir Bag, Filter	Child
M409	Adult 30mm 1.5m Length, 2 L Latex Free Reservoir Bag, Filter	Adult
M4002	Adult 30mm 1.8m Length, 2 L Latex Free Reservoir Bag, Filter	Adult

Special Features

- Includes the following components: Epidural Catheter with introducer guider, Epidural Needle with obturator, Catheter connector, Filter 0,22, LOR Syringe
- Catheter in PVC medical grade, Tip Super Soft for atraumatic insertion
- Needle three face for less trauma
- Sterilized by EO
- Single use

ORDERING INFORMATION

DISPOSABLE EPIDURAL KIT

CODE	DESCRIPTION
M404	Epidural Needle: 16G (90mm) Epidural Catheter: 1.0 mm Length: 850mm Epidural Filter: 0.22 L.O.R. Syringe 7ml (Standard) or 10ml (Optional) Catheter Adaptador
M456	Epidural Needle: 18G (80mm) Epidural Catheter: 0.8 mm Length: 850mm Epidural Filter: 0.22 L.O.R. Syringe 7ml (Standard) or 10ml (Optional) Catheter Adaptador

Special Features

- The turn-up rim ensures comfortable fit with a good seal
- Offered with a head strap and an adjustable nose clip
- The standard-length tube is 2.1 m
- Available in adult and pediatric types
- Customizable with or without tube and DEHP Free
